

EASIER CRAFT

Dove at Jesus's baptism

Resources: Folded card with dove template A4 sheet of paper, Raffia

1. Cut out the Dove and stick sides together – making a cut along the line in the middle

2. Take the A4 sheet of paper and fold like a concertina from the width end about 1 cm each fold.

3. Insert the folded paper into the cut on the centre of the bird so that it appears equally on each side – then open up to make the wings.

4. Thread through the raffia paper into the same place as the wings and tie so that you can use it to hang your dove.
5. If you want to right along the bottom most strip of the wings that you can see as you hold it above you, you can put 'This is my beloved son' 'In whom I am well pleased' (Best do this before you insert it). It's also a reminder of how much God loves you.
